

Why Leading Edge?

Everyone needs a retreat

Imagine endless hours of recreation, enjoyment and relaxation in your own backyard. Creating a vacation "retreat" is easier than you may think with a fiberglass in-ground pool from Leading Edge Pools. We are extraordinarily proud of our quality work and the unique craftsmanship that is incorporated into every pool we build. We are delighted you have taken interest in our company, and would welcome the opportunity to partner with you.

Welcome to Leading Edge Pools

Leading Edge Fiberglass pools are manufactured to withstand the harshest weather. We provide the knowledge from years of experience with every pool we build, giving you a lifetime of worry free swimming! Fiberglass pools are the only pools that have a lifetime structural warranty, can be moved, are great for salt water, include a smooth, non-abrasive finish -- no more scrapes, cuts or snagged bathing suits -- and an inert composition that helps inhibit algae formation, lowering chemical and maintenance costs.

The Leading Edge Advantage

As the "pioneer" of fiberglass pools in the Midwest, Leading Edge Pools started as the 1st manufacturer of in-ground fiberglass pools in Michigan. While vinyl pools dominated the pool industry from the 1980's, fiberglass is now the product of choice because of its durability and sustainability. Leading Edge Pools stands ready to help turn your dream into your backyard retreat.

*Live life...
stay on vacation*
